COMMENTS FROM THE TOWN MANAGER'S OFFICE

A project to clean the sewer on the Vernon Street meadow has developed into an endeavor larger than we thought it would be. A very bad situation has been created there over a period of years by the open ditch that takes the sewage from that area of town to Alder River. The ditch has been cleaned, now the men are laying pipe. The greatest problem is the soft ground, combined with the rains which makes it very difficult to move machinery. A road will have to be built most of the way to haul cover for the pipe.

It is still not definite when we will be able to send the tax bills. We have had several inquiries as to this but there is still work to do on accounting.

BETHUEL WOMAN, NEARLY 70, CLIMBS MT. WASHINGTON VIA TUCKERMAN'S

It was a beautiful summer day when a group departed from Tom Vashaw's Camp in Millsfield, N. H., and started for Mt. Washington at about 10:30 on August 9.

The party consisted of Gladys Cross, nearly 70 years old, (the group is very proud of her), Mrs. Mildred B. Cushing of Wilton, Eva and Gloria Perry of Winter Park, Fla., and Ruby B. Largey. Just above the Head Wall on Tuckerman's Ravine, bad weather set in, very heavy fog nearly hid the markers—but the hikers plodded on slowly but eventually made the top.

They got there around 5 p. m. where Mr. and Mrs. Vashaw were waiting. They had been very worried and had telephoned Packham Notch trying to check on the hikers.

A nice trip was enjoyed by the hikers down the mountain in the car with no bad effects and they are rather proud of themselves.

Arthur Morgan was home for a few days from the CMG Hospital in Lewiston. He had to return to the hospital on Wednesday of this week.

TO THE VOTERS OF THE TOWN OF BETHUEL

At a Special Town Meeting to be held on Thursday, August 24th, the warrant will contain several articles concerning proposed changes in the Zoning Ordinances. One of these seeks to do away with all zoning regulations in the Rural Residential and Farming districts. This has resulted from a petition presented prior to the special meeting in June but was not acted upon at that time because the public meeting required by law had not been held.

If a majority of the voters of the Town wish to take this step we will, of course, abide by their decision. However, we do not feel such a step is justified nor do we believe that a majority of the citizens favor it. When the present Ordinances were adopted we realized that they would need to be amended. We anticipated that there would be complaints and we also knew that many of these complaints would be justified.

We are therefore at the upcoming Special Town Meeting recommending the adoption of several changes in the Ordinances in order to meet some of the more common and more serious objections. All of these proposed changes would ease the restrictions imposed by the old ordinances and make them less restrictive.

What we are opposed to is the complete elimination of the regulations in the largest physical area of the Town. Unless these who feel that the Ordinances should be retained in these areas attend this meeting, express their views and vote that is just what will happen. We urge everyone to attend this meeting and make their voice and vote heard.

AUTHORIZATION TO BUY SNOWBLOWER TO BE SOUGHT AT SPECIAL MEETING

Bethuel will be asked if they desire to purchase a snow blower at the special town meeting to be held next Thursday evening, Aug. 24, at 8 o'clock. An accompanying article would give the selectmen authority to borrow \$4,000 to make the purchase if passed affirmatively. It is understood that the loan would be repaid from the "truck rental" account.

Reportedly a blower would enable the removal of more snow, principally in the village area in the same amount of time, and at the same time save wear and tear on the front-end loader owned by the town.

The balance of the warrant is concerned mainly with zoning matters. The warrant will be found on page three.

SHERIFF HORTON ALLEGES "WITCH HUNT" BY ATTORNEY GENERAL

Oxford County Sheriff Lester C. Horton held a three-hour news conference at his office in South Paris Wednesday afternoon to discuss a "political witch hunt" which he charges Attorney General James Erwin is conducting against him although no specific charges have been made.

The 41-year-old Sheriff told the newsmen that he called the session to clear away some of the rumors that had been circulating throughout the county concerning an alleged investigation that is underway by the attorney general's office. "Here I am defending myself when no charges have been made," he said.

He pointed out that malicious gossip and rumors started soon after he had been elected sheriff for his first term in 1964. Despite this Horton was re-elected for his second two-year term in 1966 with a top vote total to lead all candidates in Oxford County including state and national office seekers.

Horton said "after the arrest around the first of the year of Walter Bennett and Michael Bennett on breaking, entering and larceny charges, vicious slanders really got underway and we are magnified day by day."

After the May term of Oxford County Superior Court and the sentencing of Bennett to the State Prison at Thompson on three counts, of one to 10 years, concurrently, the rumors multiplied. He said it was then Horton said the state senators, Norman Peterson, R-Hanover, and Frank Norris, D-West Paris, were approached by local persons who said that Bennett wished to see them at the State prison. The two legislators went to Thompson to talk to Bennett and then went to Augusta to meet with Attorney General Erwin and re-

THREE DEAD AS RESULT OF GILGAD CAR-TRUCK CRASH, WEDNESDAY

Three New Hampshire residents lost their lives late Wednesday afternoon after a loaded pole wood truck and car collided head-on and burned on Route 2 about three miles west of West Bethuel. The impact of the 3 p. m. accident caused both vehicles to burst into flames, trapping the occupants.

Oxford County Medical Examiner Walter G. Dixon, M.D., of Newbury, identified the victims as Alex Arnold Jr. of School Street, Bethuel, N. H., and his wife, Doris, both in the late thirties, and Derek Ward, 16, of the North Road, Jefferson, N. H.

The impact of the collision forced the car to be pushed onto the left side of the highway where it struck a large tree according to State Trooper Norman Arneson of Hanover. The machine immediately burst into flames, and the fire took hold of the car.

Officially reported, the crash was marked with few bad signs which were thrown forward. The truck, pushed to the front of the truck, crushed the car.

The Arnolds died on a remote road and were not seen until the fire and smoke cleared. According to Dr. Dixon, the
